### Customer Data

Company: National Commission of Prognosis

Contact person: Frau Dana Tapu

No of employees: none, No of freelancers: none

Annual Revenue: keine Angabe

Description:

National Commission of Prognosis(NCP) is a distinct entity,functioning under subordination of the Ministry of Public Finance.NCP has a leading role on carrying out studies and forecasts(either short,medium or long term)on the overall Romanian economy,on sectors and territorial profile.NCP also undertakes macroeconomic synthesis to substantiate the Government decision over main economic policies.

### **Short Description**

The fact that Romania became EU member assume new tasks for NCP.Also,improving the institutional capacity of NCP is crucial in the new context of the EU2020, which requires analysis,forecast and periodic reassessment of national targets,processes in wich NCP has an important role.The project aimed at improving the institutional capacity of the NCP to assess and accurately predict the most suitable policies by improving macroeconomic forecasting tools, elaboration of studies and staff training.Project activities focused on staff training, improving and updating two macromodels,elaboration of studies,project management and project promotion.This project had important contributions to (at least) four areas related to the activity of NCP:

- increase the level of staff training
- new/improved tools for forecasting and assessing the impact of structural funds on the economic growth
- new tools for measuring and forecasting
- fundamentals for NCP involvement in the analysis of public policies.
