### Customer Data

Company: entec biogas gmbh

Contact person: Frau Brigitte Maier

No of employees: 10 - 25, No of freelancers: 1 - 10

Annual Revenue: über 600.000 Euro

Description:

Worldwide development and implementation of large industrial biogas plants

### **Short Description**

entec biogas located in Austria has built more than 300 biogas plants worldwide during the last 35 years. entec is a global niche-market leader in the field of fermentation of organic waste. Their focus is on fully automated large plants of more than 1 MW. The export ratio is 100 %. CMT & Co has not only developed the business plan for the new marketing concept and the company growth, it also implemented successfully the consulting subsidiary REI as well as the launch of a new investment fund. As a result the order revenues doubled and the staff tribbled from 6 to 18 in just 18 months!

Initially the internal financial flows were optimized and the team was extended by adding more qualified staff. The next step was to expand the services offered to the customers. To give additional economical support to the customers the consulting subsidiary REI was established. REI selected the first 3 projects and contributed approx. EUR 8.2 Mio. in funding for them.
