Contact person: Herr Ing. Gerhard Eggenreich

No of employees: > 1000, No of freelancers: > 100

Annual Revenue: keine Angabe

Description:

With a premium volume of approximately EUR 9.7 billion in 2012 and 23,000 employees, Vienna Insurance Group is one of the leading insurance groups in Austria and Central and Eastern Europe (CEE). Innovation, strong customer relationships and an emphasis on customer service create a high quality product portfolio offering attractive solutions in both the life and non-life insurance segments.

Short Description

sendhybrid unifies file conversion, advanced electronic and qualified signature as well as an user friendly and an easy to integrate way of delivering electronic and physical documents.

We take the overall task from generating or receiving transaction documents and data streams, their adaption for the transaction type (print or electronic shipment), the validation if the receiver can be reached electronically, the obtaining of Opt-Ins for the electronic reachability, the electronic shipment, or if the receiver is not reachable the production (physical print), together with the delivery of the output to the logistics expert (physical shipment), and a complete, high quality transaction overview and as well as a reporting of the proof of delivery.

Our customers are ministries, provincial capitals and companies, which are size- and industry independent. We send all kind of documents like bills, pay slips, tickets or results and diagnostic or laboratory findings, insurance policies etc.
